EDUCATION

BSc in Computer Science and Engineering
Bangladesh University
22-11-2022 To 30-04-2027. (Present)

Higher Secondary Certificate
GPA: 4.50 (out of 5.00)

Secondary School Certificate
GPA: 4.67 (out of 5.00)

TECHNICAL SKILLS

Web Development:
HTML, Tailwind CSS, JavaScript, TypeScript, Next.js, Node.js

Programming Languages: Python

Other Skills:
Responsive Design, UI/UX fundamentals, Git & Version Control, Problem Solving

Operating System:
Windows, Linux

LANGUAGE

- English
- Bangla

CAREER OBJECTIVE

Motivated Computer Science student with strong skills in front-end development and programming. Skilled in building responsive, user-friendly web applications using modern frameworks and languages. Seeking opportunities to apply technical expertise and problem-solving abilities in real-world projects.

PROJECTS

- **WordPress Auto Post Script (Python)–** Developed a Python automation tool that publishes WordPress posts directly from Excel files using the REST API. The script supports bulk uploads, handles authentication securely, and reduces manual posting time by over 90%.
- **Python Automation Scripts –** Built multiple Python tools to automate repetitive tasks such as file handling, data processing, and system operations. These scripts improved workflow efficiency and reduced manual effort.

ACHIEVEMENTS

- Successfully automated WordPress content publishing, saving over 10 hours/week for content teams
- Ranked in top 5% in university-level programming contests (2024).
- Volunteered in community IT support and digital literacy initiatives, helping local users adopt secure tech practices.
- Created and launched a service-based website to showcase and deliver custom development solutions. webinuxs.com
